MADAME LEO

Here's the scoop, I was at home when all of a sudden my crystal ball starts clouding over, this usually means that something is going on. I gazed into it and saw my friend Damon being held captive in Toyz R Urs by Geoffrey the Giraffe. Damon used to work there with Geoffrey until Damon caught him doing nasty things to the toys when no one was around.

JANE

Ew, a closet freak?

MADAME LEO

Yes girl, Damon alerted the managers to what Geoffrey was doing and they put him on probation, but they gave him a second chance. Then he got caught again and was fired and put in jail. He still feels Damon is responsible for his misfortune. He has been housing a secret laboratory in the basement of Toyz R Urs.

KARMYN SUTRA

Damn, that's crazy.

MADAME LEO

I know. Here we are, we can sneak through the back and down the stairs to the laboratory.
